

WOULD FLY FROM NEW YORK TO EL PASO IN 4 DAYS

Proposes to Make Trip as Advertisement For El Paso For \$7000.

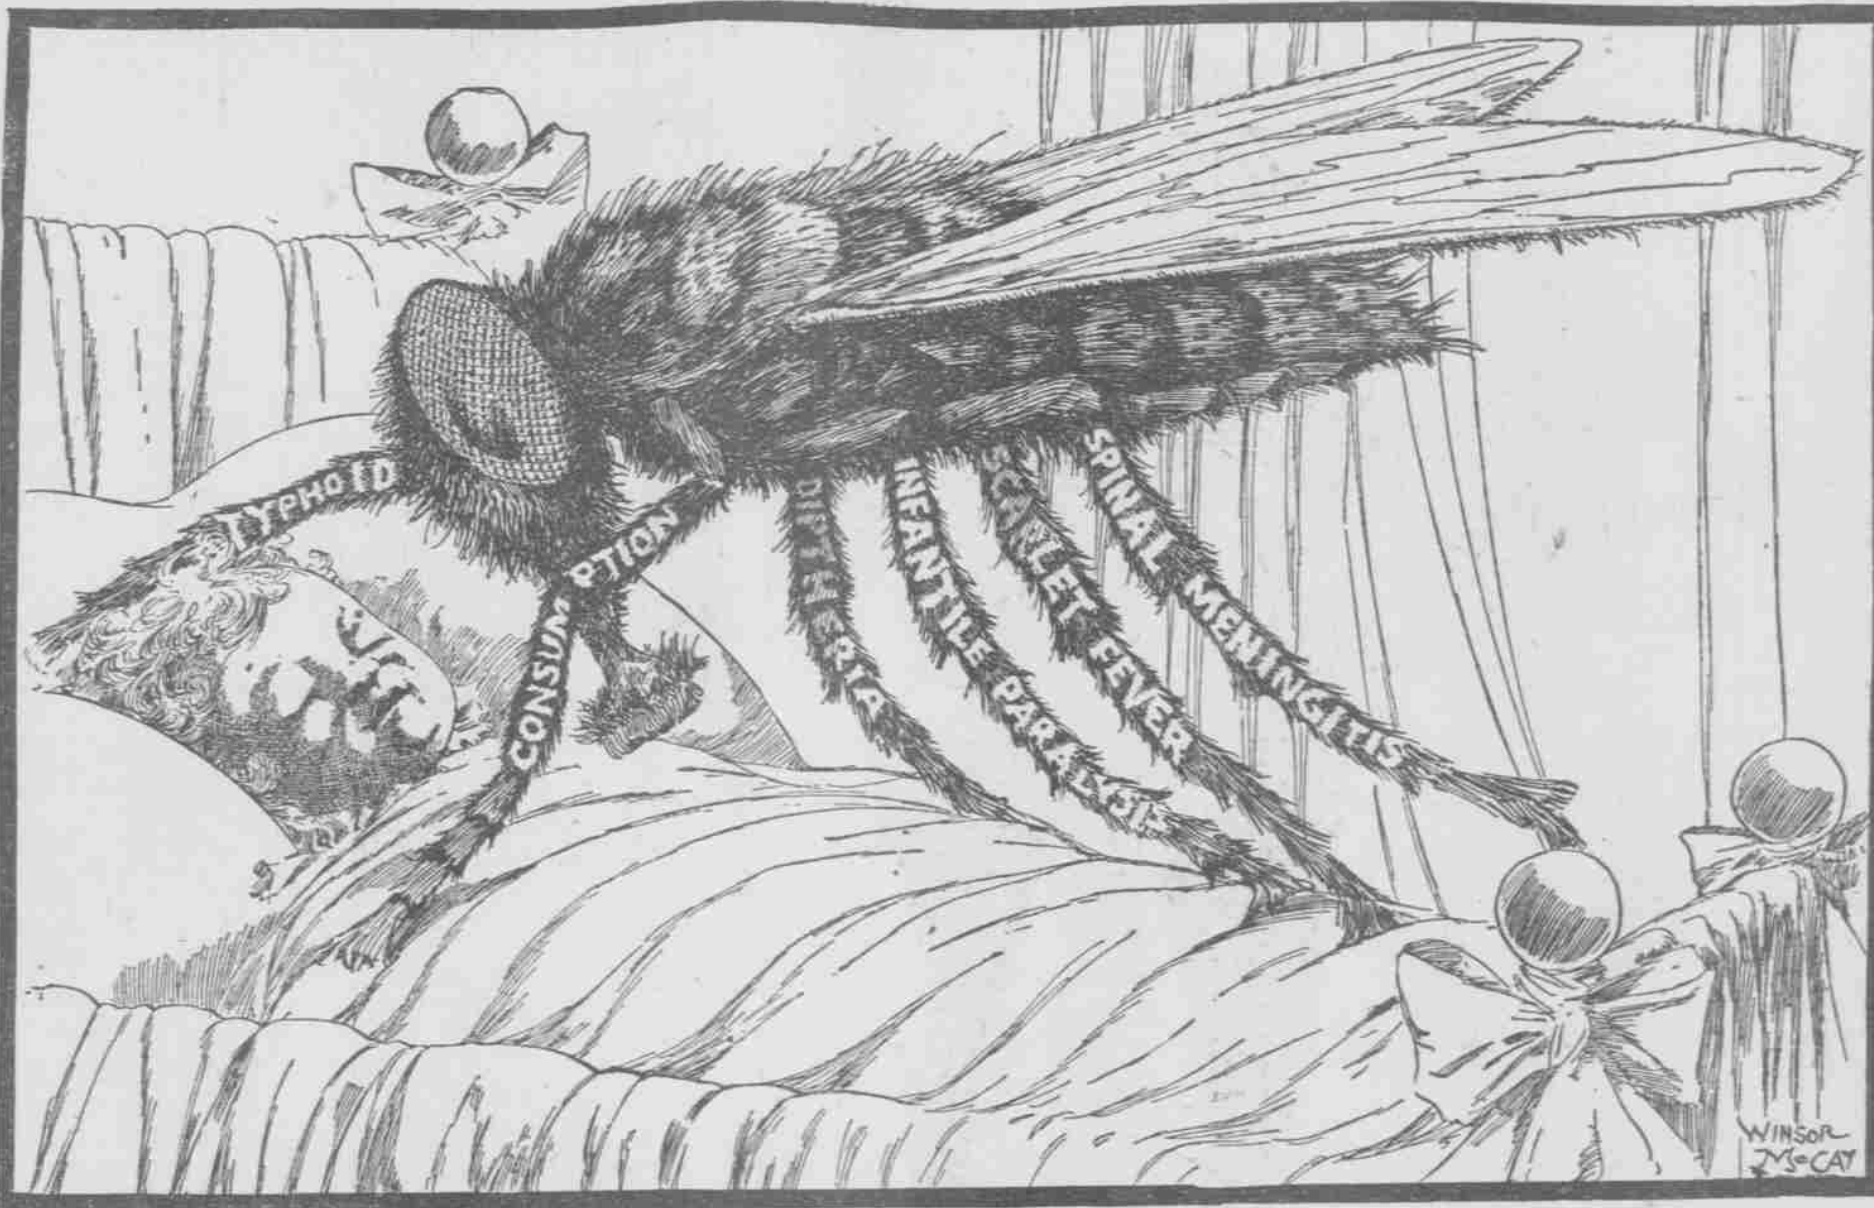

AN AEROPLANE flight from New York to El Paso to advertise El Paso, is proposed by Geo. Puffes, an aviator who has been out at Silver City testing Dr. Shaw's new aeroplane and is now in El Paso.

Mr. Puffes, who is a licensed aviator with an international pilot's license, wants the city of El Paso to put up \$7000 for his machine and expenses, and he would fly from New York here, getting what advertising he could from the flight for El Paso, and then set up an aviation school here for teaching the uninitiated how to fly. He says he would also operate the aeroplane as a passenger carrier for people passing through here to the Panama-Pacific exposition.

He believes the flight, which would attract wide attention in the papers before, during and after the flight, would give El Paso a great amount of advertising and help to route traffic this way to the California exposition.

Mr. Puffes believes he could break all records for cross country flights by making the trip from New York to El Paso in less than four days. He could make Chicago the first day, Kansas City the second and reach El Paso the fourth day with ease, barring accidents, he says. He wants a machine that will make from 75 to 82 miles an hour.

Mr. Puffes tested the invention of Dr. Shaw at Silver City and made a successful flight of two miles in the New Mexico made machine. He says the machine is not powerful enough for extended flights in a high altitude like Silver City, but can be made a success.

Here it is pictured in its true proportions as a menace to life. It is more dangerous than the tiger, more destructive than the wolf, more deadly than the rattlesnake. Let one escape, and 10,000 more are born. Bar this monster from your home. Kill every one you can.

PRISONERS TAKEN TO PENITENTIARY BY PRISON AGENT

Thirteen Convicted in El Paso County Will Serve From 2 to 35 Years.

With sentences ranging from two to 35 years each, 13 prisoners were taken from the county jail Wednesday and are now en route to the state penitentiary at Huntsville, Tex., in charge of penitentiary agent "Bud" Russell.

Two of the prisoners have been sentenced to five years each for the robbery of the Jockey club, Second and Oregon streets. Two men in automobiles held up the club last March and stole \$300. He was convicted of assault with intent to murder.

Julian Valencuela, convicted of assault with intent to rob, was sentenced to two years.

The following eight were convicted of burglary and sentenced to three years each: Carlos J. Jasso, Tassel Anchondo, Jesus B. Flores, Pedro Salazar, Rafael Yrigoyen, Juan Lave and Antonio R. Lopez.

POOL WANTS ALL EL PASOATHISBARBECUE

"I want every man in El Paso county to come to my barbecue Saturday at my ranch, near Canutillo," said county judge Adrian Pool this morning. "I am going to be county judge of all the people of El Paso county—not of any faction—and I want all the people to help me to be a county judge. I want everybody to come to the barbecue Saturday. It will begin at 6 o'clock in the evening and last until midnight. There will be plenty to eat and drink and a good time for all my guests. I am not extending personal invitations to anybody to come. I want everybody there. If they are not acquainted with me, so much the better; we can get acquainted if they come."

EL PASO BOY SUCCUMBS TO TYPHOID IN MEXICO

Harry G. Buchon, son of Mr. and Mrs. H. G. Buchon, of 711 North Virginia street, died Monday morning of typhoid fever in Santa Barbara, Chih., according to a telegram received Tuesday afternoon by his father in El Paso. Arrangements for the funeral will be made shortly after the body arrives in El Paso, and interment will be made in Evergreen cemetery.

Saturday morning the parents of the deceased were advised of his illness, and a train was sent and a physician immediately left El Paso for Santa Barbara. They will accompany the body to this city, arriving Friday or Saturday.

The deceased was 25 years old and had been in the employ of a Chihuahua mining company as stenographer for some time. He left El Paso six months ago for Santa Barbara.

COWS, GOATS AND MULES ROUNDED UP BY THE POLICE

Were Grazing on the Lots of East El Paso Property Owners; Now in Pound.

Long years ago, when El Paso was a small frontier hamlet, cattle roamed the ranges here, and each summer were rounded up for shipment. Something of the old days was recalled to the memory of the pioneer resident Wednesday morning when they saw mounted policeman Ira Ware, assisted by several "cowboys," round up a herd of 25 cows, 14 goats and two mules and drive them through the city to the pound, Second and Tornille.

The police department was notified Wednesday morning that the stock was running loose in East El Paso and complaint was filed by the property owners. Captain Garner dispatched policeman Ware to the scene and he found the 25 cows grazing on the grass along the 3700 block on Bliss street. The goats were pasturing on the 2600 block, Wyoming street, while the mules were also found on Bliss street.

Princess Victoria Most Happy When Entertaining Children of Royal Birth

London, Eng., July 25.—Princess Victoria's chief delight is in entertaining children and that is why queen Alex. and her daughter held a party for the little folk at Marlborough house on her daughter's 46th birthday. The prince of

Wales, the duchess of Teck and her two children, Manuel and Augustine Victoria of Portugal and Lord Spencer's children were there. After tea the children and grownups all assembled on the lawn and watched some gymnasts.

WASHOUT AT VILLA AHUMADA DELAYS MEXICAN TRAVEL AGAIN

Another washout was reported on the Mexican Central near Villa Ahumada Wednesday morning. The track at that place is in bad condition and has been causing the railroad officials much trouble. There are a number of dry washes there which fill with flood water when it rains in the mountains.

TO BRING IN 80,000 SHEEP FROM MEXICO

First Shipment of 12,000 Is Expected in El Paso Friday.

Cattle are not the only livestock being shipped through the port of El Paso. The first of a shipment of 80,000 Mexican sheep is expected to reach the border Friday from the Madera district of western Chihuahua. The first shipment will consist of 12,000 sheep and they will be sold on the local market to the New Mexico, eastern Texas and Kansas City buyers.

The sheep are estimated to be worth \$20,000. The importation is being made by E. G. Bates, of Roswell, N. M., who is now in Mexico to superintend the loading of the sheep.

and was sent to work the fine out on the rock pile. Wednesday morning when the chain gang was working at the corner of Brown and Boulevard Oliver was sent to the wagon for a pick. He disappeared and has not been seen since.

American Hot Weather Foods Not Popular in London During Summer

London, Eng., July 25.—American hot weather foods failed to take with the London public during the recent torrid spell when the thermometer touched 90 degrees in the shade. The English restaurants in the business section reported no falling off in the orders for roast beef and Yorkshire steak and kidney pudding and peas and potatoes, although there was an unusual demand for currant rot.

"All this talk about summer diet and keeping cool is Tommy rot," said the proprietor of an inn celebrated for its steak and kidney puddings. "I believe in a man sticking to his grub."

A customer ordered a glass of ice water from an old fashioned English waiter.

"Cold water! No, sir," he replied. "Stout or ale, sir, are very nice in this heat, sir."

At the same time, the shops selling soft drinks did a heavy business during the hot spell. London's ice supply ran very short and gave out entirely in many sections of the city.

Build up your baby's strength

Give him the right food. More babies die as a result of the wrong food than from any other cause, and it is so unnecessary. When your milk fails and you find you can't nurse your baby, give him the food on which three generations of boys and girls have grown healthy and strong—

Nestlé's Food

In Nestlé's there is everything your baby needs to make his little body plump, his cheeks rosy and his eyes bright. Pure cows' milk is his basis—but cows' milk so changed and modified, and with baby needs added, that your little baby can digest it just as easily as mother's milk. Add cold water and boil, and you have a Food your baby will thrive on.

Cows' milk alone will not do for your baby. It is dangerously full of germs which may carry disease to your baby. There are only eight clean dairies in a hundred in this country. And, besides, cows' milk is too heavy and indigestible for your baby's delicate stomach. Nature made cows' milk for calves, not for your delicate little baby.

Let us send you a big box of Nestlé's—enough for twelve feedings—and our Book on the care of Babies. We will send you also our new "Better Babies" Chart. Measure your baby by this chart and see how near he comes to being a perfect baby. Send the coupon today. Your baby's health depends on his food.
